AUCTIONEER'S FOREWORD

Dave Jones and I have known each other, and been great friends, for over thirty years. We are of the same generation! In our lifetime in the dairy cattle business we have seen enormous changes in this great agricultural industry in which we make our living and although we work in different spheres we still, nevertheless, have a passion for the pedigree Holstein cow.

Everyone knows the dairy industry at the moment is in absolute turmoil but we have to believe it will come right again. How long that will take, whether it will be six months, twelve months or two years, who knows? It is also true that when there is a demise in dairy profitability that puts extra pressure on the pedigree business but Dave and I passionately believe that it is important for everyone involved that we should all do our best to keep the benefits of being pedigree at the forefront of peoples' minds and hence one of the main reasons for having this sale. It is all about a PASSION FOR PEDIGREE.

So why are Sheikha Noora Alkhalifa and Dave and Claire Jones holding this sale, which in the eyes of many, could be deemed a risky decision? They appreciate more than anyone, that their cattle are not going to realise anywhere near the figures they may have achieved even twelve months ago, but the answer is quite simple, they have far too many cattle about them and with some 70 embryo calvings to happen before the end of the year, something has got to give. So they made a decision, a sale it would be from their renowned SAHARA and WILTOR Herds, but if it is going to have a chance of being successful only the best will be included.

AND WHAT A QUITE EXTRAORDINARY OFFERING THEY ARE MAKING!! The cattle are of an incredibly high standard in all age groups and without exception, every single one is really good. There are 42 head of which 10 are in-milk, 15 heifers in-calf or recently served, and 17 open heifers and calves.

It would be quite easy to make comment about every individual in the sale, but the pedigrees and pictures in the catalogue give just as much detail but for me here are some of the highlights in a catalogue full of stars.

- **ORTONGRANE SNOWMAN ALYSIA (VG89)(EX-MS)** (Lot 101) is an amazing young show cow fresh with her second in January who has been shortlisted for the UK team for the European Show in Colmar, France. She is also ALL-BRITAIN Junior Heifer in Milk 2014 and she has two 94 point dams. How often does anyone have the opportunity to buy an All Britain milker and still with a fantastic future in front of her? And her stunning Doorman calf sells.
- There are **FIVE VERY GOOD – 87 TWO YEAR OLDS SELLING** all in fine form and all with incredible deep pedigrees from wonderful cow families and including two, Oak Fleur and Cruise Rosa, with GPLI figures around £500!!
- There are an incredible number with **very high GPLI figures** including TWENTY ONE (half the sale) that have figures in excess £400 ranging up to £541 with five of these above £500. Never before have so many animals with these numbers been offered in one sale before in the UK and

- A rare opportunity to purchase a **HOMOZYGOUS POLLED** calf – Sahara Powerball Perfekt P (Lot 129) – a beautiful daughter of View-Home Powerball P and she has a GPLI of £482 and has 10 generations of VG/EX dams from the Rae/Roxy line.
- And then there are the potential **SHOW CALVES** – several of them - and in particular watch out for the Bradnick out of Sahara Atwood Ambrosia (Ex93-4yr) who was Interbreed Champion at the Royal Welsh and Reserve All Britain Junior Cow last year. This is a very special calf.

The cow families featured are well known and highly respected throughout the world – **ALYSIA, AMBROSIA, BARBIE, DREAMDAY, FLEUR (RALMA FAITH), FLO, ISA (DELLIA) JASMINE (JESSICA), LACEY(MORNINGVIEW ASSET), PARADISE, PERFEKT (RAE/ROXY), ROZA, SARA, SHERI (SHARON), SKY.**

As you can imagine only the best and most cutting edge sires are used in the herds and in this catalogue there are daughters of **ALTAOAK, BRADNICK, DOORMAN, GALAXY, GOLD CHIP, JACEY, MARDI GRAS, POWERBALL, SILVER, SHOTGLASS, SUPERSHOT and SUPERSIRE** just to name a few.

So I hope that in these couple of pages you get a flavour of just how good these Sahara and Wiltor cattle are and appreciate the chance presented to all breeders in these turbulent times has never been more opportune. Also just make a note that Sahara and Wiltor have sold over 20 bulls into AI in recent years as well as having 4 All Britain awards for in the last two years and therefore the herds are a proven source for cutting edge genetics and super individuals. Sheikha Alkhalifa and Dave and Claire have made the decision to sell and every animal will sell **WITHOUT RESERVE!**

SPECIAL NOTES

TB: The herd is on a 12 month testing cycle and passed its annual herd test on 21st March 2016. Lots 101 and 104 were pre-movement tested on 4th March 2016. There has never been a case of TB at Church Farm.

Dreamgirl

These are the very first members of the Dreamgirl family to sell in the UK. This family is famous in Germany for their show type and high genomics – in fact a close relation of our Dreamgirl has just bred what is believed to be the highest RZG bull in the world. Two of the highest genomic type females in the UK from this family both sell. The Bradnick is born to show and the Galaxy sister is just a sensational heifer. Also Supershot Dreamstar and Dreamworld are both high PLI and nearly ready to flush with AI interest. Their Explode dam is due again in October with her third and is a favourite with all our visitors.

Fleur

The Ralma Juror Faith family spells consistency and Sahara Oak Fleur is the star of our branch of Faith's. In calf to Penmanship, the parent average on this mating is over 600, so keep your fingers crossed for a big one! The Silver's and Supersire are all not far away from flush age and sell with AI interest and huge potential to make money. The Jacey's also have a full brother in AI at Genus who is extreme for fertility – another natural family trait. Buy one of these and start your own brand of this successful family.

One of the highlights of the sale is Perfekt PP – Homozygous polled – all her progeny will be hornless. One of the highest PLI polled heifers in the UK and just outside the top 20 GTPI Homozygous heifers in the world. When this calf is bred to the highest horned bulls of the breed, you are certain to own some of the highest polled heifers in the world. Her dam has just calved her second and looks phenomenal – a maternal sister to this heifer sold for 35,000 euros in Germany in 2014.
